

ATH-CKS5TW

WIRELESS HEADPHONES

Truly wireless listening experience with solid bass sound.

The truly wireless design of the ATH-CKS5TW lets you listen with ultimate comfort and freedom of movement. Enjoy powerful, high-fidelity audio on the go – with no wires to hold you back.

Product Highlights

Easy Operation

Convenient listening experience with Auto Power ON/OFF. Simply take the headphones out of the case and they're ready to go. Power will turn off when you place the headphones back in the case.

Amazing Battery Life

Enjoy long-lasting battery life with 15 hours of continuous playback on a full charge. Plus, the charging case gives you two additional charges for a total of 45 hours on-the-go power.

Control at your Ears

Handy buttons located on each earbud let you control music/calls/volume without touching your smartphone.

High-fidelity Audio with Powerful Bass

Discover a deep, accurate bass sound to make the most of your music in a truly wireless design.

Superior Sound Quality

Exclusive 10mm driver with dual-layer diaphragm delivers clear, full-range audio. The combination of hard and soft diaphragm materials results in high-fidelity sound with rich bass.

The Latest Bluetooth® Technology

The ATH-CKS5TW features Bluetooth 5 technology and is compatible with high-quality aptX and AAC codecs. You can pair the headphones with multiple devices and save this history. Furthermore, the Clear Voice Capture technology supplies gentle ambient noise reduction for clearer sound during calls and the call audio plays in both earbuds for greater clarity.

Better Fit for Comfort and Sound Quality

The eartips have been designed to function exclusively with our truly wireless headphones for better isolation and a stable fit. The thin, flexible silicone eartips provide a perfect fit and better high-frequency sound delivery. A secure 3D loop support made from soft silicone provides a comfortable, solid fit.

Additional Features

Take control of your headphones with the Audio-Technica Connect app. IPX2 (drip-proof) water-resistance rating. Compatible with voice prompt function.
